

OPPORTUNITY FUND PROJECT

# HIGHLAND PARK PLAY AREA COMMUNITY MEETING

Seattle Parks and Recreation invites the community to learn about the Highland Park Playground Opportunity Fund project and provide input. This community-initiated project will create a cohesive space that improves the usability and safety for the play area. The project improves access into the park and play structures.

Funding for this park improvement is provided by the 2008 Parks and Green Spaces Levy Opportunity Fund.

The design team and project planner encourage the community, children, and families to let us know what they would like for the park. Highland Park is located at 1100 SW Cloverdale Street in West Seattle.

*Seattle Parks and Recreation invites the community to provide input on the Highland Park Playground Improvement project.*
